

Door station: CM-06DNS4

Part of CM-06DN system (System Capacity= 2x ent panels, and 4 internal units)

Single Call, surface mounted video entrance panel, which has built in speech unit, camera, and L.E.D illumination for poor light conditions. Suitable for internal/external use.

Technical parameter:

- a) Working voltage: DC 12V±10%
- b) Static current: ≤12mA
- c) Working current: ≤180mA
- d) Camera: 1/3" CCD/CMOS
Viewing angle: 92.8°
Min.luminance=0.1 Lux
Lens:F=3.6
- e) Environmental Temperature: -25 to +70 degrees
- f) Humidity: 45% to 95%
- g) Dimension: 140x100x43 mm
